

Atlas Nomads™

The Atlas Nomads plan from WorldTrips, a member of the Tokio Marine HCC group of companies, is with you almost anywhere in the world you may travel to work as a digital nomad.

Why Choose Atlas Nomads™?

As a perpetual traveler, your opportunities for life-changing experiences are endless. But international travel can represent financial risk, and there's always a chance you could experience an unanticipated health or travel emergency abroad.

Atlas Nomads offers travel medical coverage to non-U.S. citizens and residents who are traveling and working outside of their home country. This plan can provide you with access to quality healthcare, reimbursement for covered claims, and 24/7 emergency travel assistance in multiple languages.

This plan is flexible to better meet your lifestyle. You can choose your coverage length up to 365 days, pay up front or select a monthly payment option, and purchase your plan at any time—even after departure.

Do I need travel medical insurance?

Many times, the primary medical insurance in your home country offers little or no coverage for medical expenses incurred as you work outside of your home country. Atlas Nomads provides international coverage as well as important benefits like Emergency Medical Evacuation, Hospital Room and Board, Trip Interruption, Political Evacuation, and Crisis Response for kidnapping and ransom situations abroad.

What's Covered by Atlas Nomads™?

INTERNATIONAL COVERAGE

Emergency Medical Evacuation and Emergency Reunion

Would you know what to do if you found yourself in a life-threatening situation far from home? WorldTrips is experienced in arranging emergency medical evacuations. Atlas Nomad will cover eligible expenses necessary to transport you from an initial treating facility to the nearest hospital qualified to treat your life-threatening condition. We also understand the importance of family support in these difficult situations. Atlas Nomad will also cover the transportation, lodging, and meal costs for a relative to join you after a covered emergency medical evacuation, up to the lifetime limit.

Repatriation of Remains

What would your family do if disaster strikes while you are away from home? The death of a loved one is never easy, no matter the circumstances. In the unfortunate event of your death while traveling abroad, Atlas Nomad will arrange for and cover eligible costs associated with the repatriation of your remains.

Return of Minor Children

If you are expected to be hospitalized for more than 36 hours due to a covered injury or illness and covered children under 18 years of age will be left unattended as a result, Atlas Nomad will cover the eligible transportation cost for the children to return home.

Terrorism

In these turbulent times, the risk of a terrorist attack is a reality. If you are in the wrong place at the wrong time, and the country or region you're visiting is NOT under a level 3 or higher travel advisory, Atlas Nomad offers coverage for eligible medical expenses resulting from those acts. Coverage excludes countries or regions for which the U.S. Department of State has issued a level 3 ("reconsider travel") or higher travel advisory in the 60 days prior to your arrival date.

Political Evacuation

If, during the coverage period and after your arrival, the U.S. Department of States issues a level 3 or higher travel advisory for your destination country, Atlas Nomad will coordinate your alternate departure arrangements from that country and cover eligible associated costs.

Natural Disaster – Replacement Accommodations

Natural disasters can happen anywhere and at any time. If a natural disaster occurs on your trip, causing you to become displaced from your planned and paid accommodations, Atlas Nomads will provide relief of a maximum of \$100 a day for 5 days to help cover the costs of alternative accommodations.

ATLAS NOMADS* QUALITY BENEFITS

Acute Onset of Pre-Existing Conditions

Atlas Nomads provides a limited benefit up to the medical coverage lifetime maximum for eligible medical expenses. If you are younger than 70, you may be covered for an acute onset of a pre-existing condition. This also includes up to a \$25,000 lifetime maximum for emergency medical evacuation.

An acute onset of a pre-existing condition is a sudden and unexpected outbreak or recurrence that is of short

duration, is rapidly progressive, and requires urgent care. A pre-existing condition that is a chronic or congenital, of that gradually becomes worse over time, is not acute onset of a pre-existing condition. The Acute of Pre-existing Conditions benefit will only apply if all of the following conditions are met:

- The Acute onset of a Pre-Existing Condition does not directly or indirectly relate to a chronic condition or congenital condition;
- Treatment must be obtained within twenty-four (24) hours of the sudden and unexpected outbreak or reoccurrence;
- You must be under seventy (70) years of age;
- You must not be traveling against or in disregard of the recommendations, established treatment programs, or medical advice of a physician or other healthcare provider;
- You must not be traveling with the intent or purpose to seek or obtain treatment for the pre-existing condition;
- You must be traveling outside your home country

Hospitalization and Outpatient Treatment

If a covered illness or injury requires hospitalization, the plan provides coverage for eligible costs associated with hospitalization, including intensive care unit and outpatient treatment.

Sports Coverage

Atlas Nomads includes coverage for eligible injuries and illnesses that could occur while participating in many popular vacation sports — skiing and snowboarding (recreational downhill and/or cross country), snorkeling, water skiing, and others — at no additional cost. Certain extreme sports are excluded from coverage.
